

## Creative ideas for books

1. Create A to Z of Antarctica based on books and other work on the region. Boxes can be written or drawn.
2. Read a passage to the students and draw what they imagine the landscape or scene to look like
3. Create collages of the landscapes using torn paper and describe it
4. Create a postcard from a scientist
5. Create a frame game for key vocab
6. Design a poster to advertise the books
7. Create a vocab card where the picture is showing what the word means.
8. Create a concept map showing the features of Antarctica or a particular region.
9. Turn the story or part of the story into a comic strip.
10. Create a mobile to include some of the key animals and/or features in the book
